AFTER RECRUITS.

Lieutenant Johnston, of the Tenth U. S. cavalry, is in the city for the purpose of opening up a recruiting office for colored recruits. He arrived yesterday afternoon and this morning opened an office in the Brooks infirmary. He has with him a colored officer, Sergeant Turner, who has been in the service 23 years.

The cavalry offers many inducements to the colored man. The term of enlistment now is for two years, unless sooner discharged. They receive \$16 per month besides board and clothing, and at the expiration of 30 days are retired on two-thirds pay.

Lieut. Wright has become somewhat disgusted with the patriotism of colored men in Kentucky. He has been in many parts of the state, and has secured in all not over 125. In Hopkinsville, where the colored men are so thick they shove you off the street if you don't let them pass, he got but 21, and in Bowling Green 3. In Paducah, up to noon, not a man had volunteered.

There are many causes for this state of affairs. These colored men who want to enlist in many instances are dissuaded by other colored men, and even by white men who have use for their services. Some colored men tell them to wait awhile and they will all be major-generals or something like that. Others tell them all sorts of harrowing tales, and frighten them until they will not enlist. In one place Lieut. Wright recently left, some of the people started the report that he was there to draft them into the army and there was not a one to be found inside a few hours. It is all such things as these that have produced such an effect, and they greatly hamper the officer in his mission, and have induced him to believe that there is little patriotism among the colored people in Kentucky.

If he gets sufficient recruits to encourage him, he will remain until Wednesday. If they do not come in any faster than this morning, he will in all probability leave sooner. He wants able bodied men between the ages of 18 and 35.

BLANKS IN LOUISVILLE.

Gov. Bradley Steals a March On Graves County People.

Detective Martin Donahue arrived in the city Saturday night from Cairo, Ill., with Bob Blanks, the notorious negro criminal, who is charged with a criminal assault upon Winnie Bailey, an 11-year-old girl of Mayfield. The crime was committed January 12, and was one of the most brutal of the kind that has ever occurred in this state. Blanks escaped from the state, followed by a mob, and Gov. Bradley offered a reward of \$200 for his capture.

The detective followed out the instructions of Gov. Bradley and brought Blanks on a roundabout way to Louisville, to escape mob violence, which was sure to be offered had it been learned that Blanks was under arrest. The negro refused to come to this city without requisition papers and they were issued secretly after Gov. Bradley had held a secret conference with Col. Hauger in this city. The prisoner acknowledges his guilt, but says he had rather be shot than to be taken back to Mayfield for trial. The date for the trial has not been set. [Louisville Times.]

AMERICAN TROOPS LAND ON CUBAN SOIL.

Believed That the Final Battle is Now in Progress. Hobson and His Crew Will Be Liberated on Friday.

CAPE HATIEN, June 6; 1:30 p. m.—A dispatch boat just arrived from Sampson's fleet reports that 5,000 American troops landed yesterday two miles from Santiago and joined the insurgent army of General Garcia; that the bombardment of Santiago was again begun at 6 a. m. today, and was getting heavier when the dispatch boat left at 7 a. m., and only heavy guns were used. It is believed that the combined land and sea attack on Santiago was begun this morning.

WASHINGTON, June 6; 3:00 p. m.—An order has been signed at the War Department for the exchange of Spanish prisoners for the eight Americans who sank the Merrimac. Lieut. Hopson and his crew will be liberated Friday, when the exchange will be made.

SANTIAGO BOMBARDMENT CONTINUES.

Rumors That One Fort Has Fallen, and That the Spaniards Are Making a Brave Resistance.

THE SINKING OF THE MERRIMAC.

The Idea Was Originated by Hobson, Who So Bravely Carried It Out—Admiral Sampson Approved His Plan.

CERVERA'S GENEROSITY IS APPRECIATED.

Cape Haytien, June 6; 3:30 p. m.—The heavy bombardment of Santiago continues this afternoon. Reports say that Fort Zacaia has fallen, and that the Spaniards are making a strong resistance.

Cape Haytien, June 6.—The cannonading at Santiago is so fierce that it is believed that the final battle is now in progress. It is thought that only the outside forts are to be leveled in order to prepare a way for the troops.

HOBSON CHOSE THE PLAN.

Kingston, Jamaica, June 6—Fuller details of the sinking of the Merrimac in the harbor of Santiago, brought here by the dispatch boat, show that the exploit of Assistant Naval Constructor Hobson and men was one of the most heroic in the history of naval warfare.

Hobson and his brave men defiantly entered the mouth of the harbor while strong light was streaking the eastern horizon. This enabled the Spaniards to discover them before their hazardous journey was more than fairly begun, and subjected the plucky crew to a tremendous shower of shot and shell.

As fully the measure of courage which was displayed by the Merrimac's men became known aboard the American warships, there was little wonder that Cervera had received Hobson and his fellow heroes with such distinguished consideration.

GOES TO CONFERENCE.

Washington, June 6.—The house refused to pass the war revenue bill as amended by the senate, and it now goes to a conference committee.

PORTO RICO NOW.

Washington, June 6—Porto Rico is now to be the principal place of operation for the American forces. The obstruction of the harbor of Santiago de Cuba by the sinking of the collier Merrimac will undoubtedly hasten the movement that is to be made on San Juan.

An officer high in authority said today that Porto Rico was now a point for almost immediate attack. The United States will be able to move part of its fleet there from Santiago de Cuba. This is no change

in the program of sending an army to Santiago de Cuba. General Shafter will command the army to Santiago de Cuba, and General Lee will probably command the army to Porto Rico and be appointed by the president as military governor of that island. A large force of light artillery and corps of infantry and cavalry will accompany the Porto Rico expedition.

MANILA AN OPEN PORT.

Washington, June 6.—As soon as Maj. Gen. Merritt crushes Spain's military power in the Philippines, the blockade of Manila will be lifted and it will be made an open port. The collection of duties on the imports is expected to bring in a satisfactory revenue.

DEATH OF CAPT. GRIDLEY.

Washington, June 6.—Captain Chas. V. Gridley, commander of the cruiser Olympia, and one of the heroes of the brilliant victory at Manila, died Saturday in Japan, on his way home.

Charles Vernon Gridley is the first American officer of great prominence whose death is a direct result of the existing war with Spain.

His death was due to injuries received in the battle of Manila.

TWO LYNCHED.

The Result of Shooting a Town Marshal in Missouri.

Clarksburg, Mo., June 6.—Marshal Malone was shot at a negro picnic yesterday while trying to arrest some desperadoes. Four of the negroes were arrested and jailed. Last night a mob took two out and lynched them. The other two may be lynched tonight.

STABBED IN THE BREAST.

There was a cutting affray on South Second street Saturday night about 9 o'clock. Mace Miller, a notorious negro, was stabbed by Clarence Green, and then knocked down with a club. Miller was not fatally hurt, the blade glancing from his ribs. The difficulty is understood to have been occasioned by a woman. Green escaped.

TOOK MORPHINE.

Miss Annie Welch, of Twelfth and Madison streets, took morphine Saturday afternoon and when found was in a stupor. Dr. Harry Williamson was called and she was soon out of danger. She was despondent, and this is what prompted the rash deed. She now says she will never make a similar attempt again.

BICYCLES STOLEN.

Bicycle thieves were abroad last night. Someone broke into the Paducah Cycle Works and stole a new Phoenix wheel and a pair of Mr. E. B. Jones' pantaloons. The wheel was new, and a very good one. Steve George lost a Crescent wheel, which was stolen from the First Christian church. There is no clue in either case.

NEW PEOPLE—NEW SHOW.

The new people for La Belle park arrived last night, and will appear for the first time before a Paducah audience this evening, when they will not doubt be greeted by a large crowd. The program is this week superior, if anything, to that of last, and no one should miss it.

AGENTS WANTED.

The Equitable is desirous of securing agents in every county in the First district. Mr. N. J. Dilday, the state manager, is now here appointing them, and promises good contracts to the right men. Communications addressed to him, care of the Palmer, will be received during the next ten days. It is a good chance for somebody.

MAY MAKE A FORTUNE.

Mr. C. C. Lee's Steamboat Wheel Invention Attracting Attention.

Mr. C. C. Lee has applied for a patent on a steamboat wheel which river men have pronounced one of the inventions of the age. The wheel is so constructed that the paddles turn and while ascending from the water are edgewise, presenting as little resistance as possible. This is done automatically.

Arrangements have been completed to have it tested on one of the biggest boats on the river, but the boat has not yet been selected. It is thought that Mr. Lee's fortune has been made.

DRY JUNE.

Wheat Nearly Ready to Be Harvested—Tobacco All Planted.

This is considered quite remarkable weather for June, but it is predicted that a "dry June makes good crops" and the farmers seem well pleased. The wheat crop is made, and will be harvested in about fifteen days, in many instances.

Something unusual is the fact that most of the farmers have planted their tobacco, something which is not accomplished, as a rule, until July 1 or later.

BAD ACCIDENT.

John W. Wilson, a bridge man of the Illinois Central was brought in last night on the cannon-ball with a leg cut off below the knee. He attempted to board a fast train at Rosine yesterday afternoon, and was run over.

He was brought here and taken to the railroad hospital, where the limb was amputated, and where he is now resting well. He was badly used up when he reached the city, from the loss of blood. He lives in Rosine.

ATTORNEY CAMPBELL RIGHT.

The controversy over fees between Marshal Collins and Prosecuting Attorney Campbell was referred to City Attorney Lightfoot this afternoon, and he decided Mr. Campbell's position was right. The difference, however, is slight, making only about \$8 difference for the quarter.

CHILDREN'S DAY.

The Tenth-street Christian church was crowded to overflowing last night to see and hear the Children's Day exercises of the Sunday school. It was a pleasure to be there. The following program was splendidly rendered:

"Scatter Sunshine"—By all.

USED A NAIL.

Steve Clark, who was arrested Saturday on a charge of beating Pearl Smith, a woman with whom he was living, was non est when the lockup was opened this morning. He broke out some time during the night and made good his escape on the west side, in what is known as the "gentlemen's quarters."

Clark was warranted for vagrancy yesterday, and was to have been tried this morning on both charges. In getting out of the lockup he used a ten penny nail, cutting out a great deal of the brick work.

Clark was shot in a crap game here a year or two ago near the fair grounds, and was then placed in jail on a charge of running a game. He only recently returned here, and last night disproved the charge of vagrancy. "He is charged with refusing to work," quoth the court, "but I understand he went to work last night." And the warrants were filed away.

THE COURTS.

Will Mount, charged with cutting Ed Castleman, on the New South, several weeks ago, was held to answer. He was being held to await the arrival of witnesses.

Thomas Jones, colored, was charged with a breach of the peace, but the case was continued. He was a prisoner in the lockup, and attacked Burly Dixon, who was placed there Saturday, striking him with a knife, but failing to cut him. The court asked him how he got a knife in the lockup, and he said he had it when placed there. The case was continued.

Ely Mount, for a breach of the peace, was fined \$5 and costs.

"Cleanliness is next to Godliness," quoted Judge Sanders from the koran this morning as he called the names of Emil Thalmeier, Clarence Ingram and John and Evans Klauhoit, four boys arrested by Officer Fred Hoyer for bathing in a gravel pit below the city.

The judge proceeded to land them for their good intentions, but said they had no right to violate the law, even if it was for the purpose of being Godly. They were dismissed with a reprimand.

CIRCUIT COURT.

The civil term of circuit court adjourned Saturday afternoon, and

there will now be a vacation for a few months. Judge Bishop was allowed pay for 11 days as special judge.

The case of Ora Murray vs. Lee Murray for divorce was submitted and will be tried during the court's vacation.

In the case of the Paducah Transfer company vs. L. A. M. Grief, a judgment was filed.

In the case of Josephine Spaulding vs. C. O. Allard, Attorney Ed H. Puryear was ordered to collect the rents on the buildings occupied by Lang Bros. and B. Michael up to the time the deed to the property was made to Thomas and Edna Allard and Thos. E. Moss. It is claimed that the deed has been lost, and the court gave time in which to report its recovery.

In the case of Vic Ballow charged with selling liquor without a license, the mandate from the court of appeals was filed.

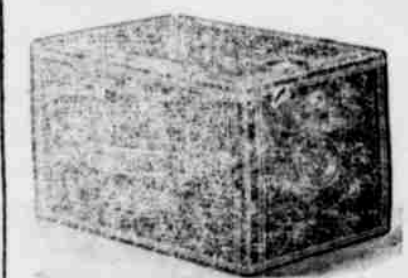

In the case of E. Palmer and others vs. Mollie Neaf, a mandate from the court of appeals was filed and the case was dismissed.

In the case of the commonwealth vs. Albert Winfrey, who was fined at the last criminal term of the circuit court, the defendant failed to appear, and his bond was ordered forfeited. Summons was ordered issued on his bondsmen. Winfrey is off with the soldiers.

JUSTICE BRYANT'S COURT.
